

KIDNEY CARE PROGRAM WITH LUKE

The kidneys are extremely important detoxification organs, which are responsible for filtering out toxins from the body, maintaining blood pressure, controlling body temperature, and so much more. Imagine what might happen when their function is weakened. The kidneys, unlike other organs, don't show too many symptoms when compromised until it is too late. Hence, they warrant the right kind of care and attention.

The key benefits of the Kidney Care Program:

Our Kidney Care Program primarily looks after managing kidney health from a holistic perspective. It covers conditions ranging from high creatinine levels, nephrotic syndrome, glomerulonephritis, Acute Renal Failure (ARF), and Chronic Kidney Disease (CKD) to dialysis and Immunoglobulin A (IgA) nephropathy.

Our integrative team, specializing in renal care, spends time diagnosing the root cause of what led to a compromised kidney function. The team creates a personalized holistic program, which not only looks after the symptoms, but also handles the side effects of conventional treatment thereby improving the quality of life and increasing the lifespan. The key benefits of this particular program are to:

- **Obtain access to our integrative team that specializes in renal care:** Gain benefit from a holistic and integrative approach used by our team of kidney care experts ranging from clinical dietitians, nutritionists, lifestyle coaches, and doctors.
- **Improve deranged kidney parameters:** Focus on improving different aspects of renal function like serum creatinine, electrolytes, eGFR, BUN, and so on.
- **Apply the four pillars of health:** Introduce a lifestyle change to build holistic health using the four pillars of health, which are balanced nutrition, adequate exercise, quality sleep, and emotional well-being.
- **Obtain customized food plans:** Acquire tailor-made food plans focusing on the right intake of nutrients based on your levels of potassium, sodium, phosphorus, creatinine, and other aspects.
- **Receive consistent reporting and updates:** Review your progress and improvement in symptoms, and discuss any challenges every week.
- **Join an exclusive webinar with Luke:** Get invited to a personalized webinar where Luke talks about specific disorders and learn how practicing a few techniques can improve your health.

Program features and prices for the Kidney Care Program

Program Description:

- Our integrative team of senior nutritionists, clinical dietitians, lifestyle coaches, and senior doctors create a customized plan for you after studying your medical history, medical reports, and your health goals.
- Customized food plans are created taking into consideration your work timings, travel plans, availability of ingredients, allergies, and so on.
- Regular detox plans are shared as required to help boost your healing process.
- Your coaching revolves around the four pillars of health that Luke strongly advocates, which are quality sleep, balanced nutrition, emotional detox, and adequate exercise.
- Once your programs ends, a one-time maintenance guideline document created by Luke and your senior nutritionist is shared with you, which will help you continue on your journey to good health.

Please note that this is an online program and is open to participation from anyone globally.

- Online chat support is available from Monday to Friday, 9 a.m. to 7 p.m.
- Different time zones other than Indian Standard Time will be handled accordingly.
- The assigned team's responses will be based on their appointments, hospital rounds, calls, and meetings. They will respond at the earliest.
- The team is off on weekends and on public holidays. In case of an emergency, feel free to contact us.

Program Features:

- Your case, progress, food plans, and the way forward is reviewed and discussed with Luke every five days.
- One call with Hardika Vira (Chief Clinical Dietitian) is scheduled during the program.
- One video call is scheduled at the start of the program with you and a senior nutritionist assigned to you followed by voice calls every week.
- Two calls with a senior doctor are scheduled. One is scheduled at the beginning of the program and the second at a time of your choice.
- You are added to an online chat group created to guide and coach you during the program. This group consists of your senior nutritionist, dietitian, or lifestyle coach and a quality control team.
