Price and package options for the Post Cancer Care Program

Program Description:

- The assigned nutritionist creates customized plans for you after studying your type of cancer, medical history, medical reports, and your health goals.
- The approach revolves around the four pillars of health that Luke strongly advocates: quality sleep, balanced nutrition, emotional detox, and adequate exercise.
- Customized biweekly food plans are created by taking into consideration your medications, routine check-ups, scans, work timings, travel plans, availability of ingredients, allergies, and so on.
- Detox plans are shared (as required and on a case-to-case basis) to help support your body's repair mechanisms, thus steering you in the direction of good health.

- Once your program ends, a one-time maintenance guideline document created by your nutritionist is shared with you, which will help you continue on your journey to good health.

Please note that this is an online program and is open to participation from anyone globally.

- The team is available from Monday to Friday, 9 a.m. to 7 pm. Different time zones other than Indian Standard Time will be handled accordingly.
